Summary

I am an enthusiastic BSc IT undergraduate with experience in web and software development, including creating platforms like the Kandy Backpackers Hostel website. Proficient in Java, Python, MySQL, and modern web frameworks like Bootstrap and Spring Boot. Led school IT and web development teams, delivering impactful projects and fostering teamwork. Gained industry exposure as a trainee software engineer at Codeworxs.co, Singapore, and currently advancing skills through a Full Stack Developer Programme at the University of Moratuwa. Known for creativity, problem-solving, and a passion for turning ideas into functional solutions.

I hereby declare that the particular mentioned above are true and accurate for my best of knowledge.
